## Career Preparation

- *How do I know what would be expected of me at work?*
- *How can I work on improving my employability skills?*

Career Preparation provides a short term, paid work experience tailored to the individual needs of the job seeker. This program allows for job seekers to receive 1:1 assistance and feedback from an Ability Works Certified Employment Support Professional, at a work site of their choosing.

The objective of this program is to allow the job seeker to gain insight on areas that may need improvement as well as their strengths that would increase their chances of successful employment.
